what is phenomenology

warwick Aug 26 2022 web if

there is one unifying idea

behind the idea of

phenomenology it is an intense

concern about the way the

world appears to the person

experiencing the world moran

2000 phenomenologists seek to

describe that experience and

this goal sets it apart from

more causal positivist

approaches to social research

particularly behavioural

psychology and

literally phenomenology is the
study of phenomena
appearances of things or things
as they appear in our
experience or the ways we
experience things thus the
meanings things have in our
experience phenomenology
studies conscious experience
as experienced from the
subjective or first person point
of view
