It's time to make money and give a damn You give a damn, right? You want your money to do good, but your pension is riddled with oil and defense companies. Besides, investing is a pain in the ass. It's tedious, and most sustainable and responsible investing books are as much fun as a root canal. You're fighting the urge to bury your head in the sand. What to

do? There is a better way. Invest Like You Give a Damn is a different kind of investment book. It tells real life stories of people just like you. People who give a damn but who have stomped the devil of inertia and chosen to align their money with their values.

Coverage includes: Why you need to give a damn about your investments Engaging investor stories to guide financial planning and investment decisions A groundbreaking financial and socially responsible investing asset allocation tool for profit and sustainability impact maximization Money makeover

profiles How-to investing from one-click to deep-dive portfolio building Authored by a leading socially responsible investing expert and replete with humor and irreverence, Invest Like You Give a Damn is for everyone from college graduates waiting tables, to mid-life generation Xers, to baby boomers who want to live their ideals. Get it, read it, give a damn! Marc de Sousa-Shields is co-founder of the Social Investment Organization (SIO), a UN and World Bank advisor, and contributor to online corporate sustainability magazines including Triple Pundit and

Sustainable Brands . He's worked in eighty countries, blogs at The Sustainable Century, and when not on the road, he lives in Mexico. 'Extraordinary. It is about death, but I can think of few books which have such life. It shows us what love is.' Max Porter, author of *Grief is the Thing With Feathers* and Lanny 'There is no one quite like Naja Marie Aidt' Valeria Luiselli 'Devastating, angry, challenging, fragmented and filled with the beautiful hope that the love we have for people continues into the world even after they're gone.' Culturefly 'Fragmented, poetic, informative and truthful, Aidt

faces the greatest loss we can ever know with all the force of great elegy writers like Anne Carson and Denise Riley. Essential.' Polly Clark, author of *Larchfield and Tiger* \_\_\_\_\_ "I raise my glass to my eldest son. His pregnant wife and daughter are sleeping above us. Outside, the March evening is cold and clear. 'To life!' I say as the glasses clink with a delicate and pleasing sound. My mother says something to the dog. Then the phone rings. We don't answer it. Who could be calling so late on a Saturday evening?" In March 2015, Naja Marie Aidt's 25-year-old son, Carl, died in a tragic accident.

*When Death Takes Something From You Give It Back* is about losing a child. It is about formulating a vocabulary to express the deepest kind of pain. And it's about finding a way to write about a reality invaded by grief, lessened by loss. Faced with the sudden emptiness of language, Naja finds solace in the anguish of Joan Didion, Nick Cave, C.S. Lewis, Mallarmé, Plato and other writers who have suffered the deadening impact of loss. Their torment suffuses with her own as Naja wrestles with words and contests their capacity to speak for the depths of her sorrow. This palimpsest of

mourning enables Naja to turn over the pathetic, precious transience of existence and articulates her greatest fear: to forget. The insistent compulsion to reconstruct the harrowing aftermath of Carl's death keeps him painfully present, while fragmented memories, journal entries and poetry inch her closer to piecing Carl's life together. Intensely moving and quietly devastating, this is what it is to be a family, what it is to love and lose, and what it is to treasure life in spite of death's indomitable resolve. John and Cici return to St. Louis just in time for Cici to make her eye doctor

appointment, but for some odd reason her apartment door seems jammed. The alien time traveler John Smith confesses he might have created a box that produces an endless supply of Thin Mints to assuage Cici's junk food habit. Will they be able to break the door down, stop the inter-dimensional cookie manufacturing, and save the building from collapsing before it's too late? For the first time in history, eradicating world poverty is within our reach. Yet around the world, a billion people struggle to live each day on less than many of us pay for bottled water. In *The Life You Can Save*,

Peter Singer uses ethical arguments, illuminating examples, and case studies of charitable giving to show that our current response to world poverty is not only insufficient but morally indefensible. *The Life You Can Save* teaches us to be a part of the solution, helping others as we help ourselves. Chaos is the order of the day when an accommodating little girl tries to keep up with the whims of a busy little pig. Teachers can now share this favorite, mega-selling story with their classes in the forever-popular Big Book format. Entrepreneurs and ethical vegans Michelle Schwegmann and

Josh Hooten first satisfied their passion for saving animals by designing and selling a successful line of clothing that promoted cruelty-free ethics: Herbivore. Inspiring people to eat like they give a damn, Michelle and Josh share over 100 recipes for their favorite everyday vegan dishes, which they've tucked into an original book design that reflects their art and ethics. Their recipe list is anchored with a panoply of comfort foods, such as hot soups and chili, mac 'n'cheese, and sweet potato fries, all served up with a touch of whimsy. An Elvis Quesadilla with Maple-Yogurt Drizzle crosses paths with Praise

Seitan Vegan Roast and Oma's Full of Beans. Roasted Beet Burgers sidle up to Only-Kale-Can-Save-Us-Now Salad and Pesto-Parmesan Corn on the Cob. With ample helpings of sass and heart, the authors intersperse their recipes with treatises on why vegan and how vegan. In addition, the authors provide support for vegan parents of vegan children and anyone who wants to indulge in the meat- and cheese-based foods they grew up loving, without sacrificing any animals to enjoy them. "If you give a mouse a cookie, he's going to ask for a glass of milk. When you give him the milk, he'll probably ask you

for a straw. . . ". So begins this delightful story about an energetic mouse and an accommodating little boy. Full-color illustrations. A modern-day response to *The Giving Tree*, this lyrical picturebook shows how a family passes down love from generation to generation, leaving a legacy of growing both trees and community. Once there was a wide-open field, and a boy who loved his grandmother, who loved him back. The boy's grandmother gives him many gifts, like hugs, and Sunday morning pancakes, and acorns with wild and woolly caps. And all her wisdom about how things grow. As the boy

becomes a father, he gives his daughter bedtime stories his grandmother told him, and piggyback rides. He gives her acorns, and the wisdom he learned about how things grow. His daughter continues the chain, then passing down gifts of her own. Here is a picture book about the legacy of love that comes when we nurture living things—be they people or trees. can join this changemaking celebration and discover creative new ways God can use our mustard seeds to make a more remarkable difference than we ever imagined possible. In this book Tom Sine offers practical ways you can join those who are creating their best communities, their best world, and in the process their best lives. "Once there was a tree...and she loved a little boy." So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for

all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio, the Lion Who Shot*

*Back*. He is also the creator of picture books including *A Giraffe and a Half*, *Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Everything On It*, *Don't Bump the Glump!*, and *Runny Babbit*. And don't miss the other Shel Silverstein ebooks, *Where the Sidewalk Ends* and *A Light in the Attic!* Tired of his wealth-seeking female admirers, Viscount Lumley falls victim to his meddling godmother's latest matchmaking scheme when she

I hope this story will inspire you as it has me by living it. These cross-curricular activities for the *If You Give...Series*

incorporate key skills from the Common Core. The activities integrate literature with social studies, science, mathematics, and more. #1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F\*\*k positivity," Mark Manson says. "Let's be honest, shit is f\*\*ked and we have to live with it." In his wildly popular

Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F\*\*k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and

limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f\*\*k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring

about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F\*\*k* is a refreshing slap for a generation to help them lead contented, grounded lives.
