Infectious Diseases of the Mouth Oct 12 2021 Explains the causes, symptoms, and treatments of gum and dental diseases.

The Mouth of the Mine Aug 18 2019 Wayne and Anita Evans move from New York City to Jackson Hole, Wyoming, where they plan to settle and raise their ten-year-old son, Alastair, in the fresh air and amicable environment. Everything is good from the start, despite the many reports of missing people in the area. As Alastair begins exploring the new, wild country, his curiosity drives him to find out what is beyond their property fence line. After traveling too far from home, he finds himself in an unusual and enticing predicament. The lines between right and wrong are blurred by Alastair's greed as he hides his discovery from his parents. If he isn't careful, he might go missing next.

Healthy And Happy Jan 23 2020 A canker sore is a type of mouth ulcer, known medically as an aphthous ulcer. .Canker sores are small, painful ulcers inside the mouth They may occur on the tongue and on the inside linings of the cheeks, lips, and throat. They usually appear white, gray, or yellow in color, with a red border. They can occur at any age but are more likely in younger adults and women. Whether you're dealing with canker sores, cold sores, or some other chronic health issue or autoimmune disorder, this book can help you.

If Your Mouth Could Talk Oct 24 2022 USA TODAY AND WALL STREET JOURNAL BESTSELLER You've heard the advice: If you want to live longer, eat healthy foods and exercise daily. But there's a third piece of the puzzle, and it can add 10 to 15 years to your life. It's been right under your nose

this whole time—literally. Your mouth is the gateway to your body and is the most critical organ for improving your health, from childhood onward. Everything in the human life cycle is related to the mouth: fertility, childbirth, sleeping soundly, success in school, finding a mate, getting a job, psychological well-being, avoiding chronic or systemic disease, and aging well. Your mouth is a window into the health of your body as a whole; from its microbiome to its structure, it impacts your physical and mental wellness in countless ways. Unfortunately, the mouth-body connection has been largely neglected by American medicine . . . until now. If *Your Mouth Could Talk* is the result of over 20 years of firsthand experience and research by renowned orthodontist and dentofacial orthopedist, Dr. Kami Hoss. In this groundbreaking work, Dr. Hoss connects the dots between oral health and whole-body health, offering a roadmap to a longer, more successful future for you and your family. This isn't a book about brushing and flossing—or any of the other standard advice you get from your dentist. Instead, you'll hear about how to protect your mouth's microbiome, the effect of diet, the relationship between oral structure and sleep problems, how to breathe better, and more. This is an in-depth guide for people who want to take control of their health to the fullest extent possible—who want to understand how their mouth contributes to their overall health and quality of life, and what they can do to better care for it. If your mouth could talk, it would tell you about the condition of your entire life. Time to start listening.

[Feeding the Mouth That Bites You](#) May 27 2020 "There are times when parenting seems nothing more than feeding the mouth that bites you." - Peter De Vries Parenting teenagers can be hard. Maybe you already know that. The question is, does adolescence really need to be a frustrating time for parents and teenagers? If your child isn't a teenager yet, can you make preparations now to avoid many of the pitfalls parents of adolescents go through? With so much information and differing

viewpoints, how can a parent really know that they are "doing it right?" In *Feeding The Mouth That Bites You*, Dr. Ken Wilgus outlines a clear and practical path through the confusion of parenting adolescents in today's world. Engaging, accessible, and funny, *Feeding The Mouth That Bites You* summarizes Dr. Wilgus's best teachings on how to parent teenagers, collected over twenty-five years of work with adolescents and their families as well as two decades of teaching on parenting. Though trends and technology will always change, the adolescent need for autonomy remains the one foundational issue that is the largest obstacle to a healthy parent/teenager relationship. *Feeding The Mouth That Bites You* explains this need and the effect it has on a wide range of teenage behavior. Dr. Wilgus clearly outlines his method for safely and effectively meeting this need: Planned Emancipation. Once parents clearly understand adolescents' needs and know how to respond, parenting a teenager becomes much less frustrating. Even their teenagers join in to help out! Knowing what your teenager needs and being able to provide for that need is truly the art of *Feeding The Mouth That Bites You*.

Bitter in the Mouth May 19 2022 *Bitter in the Mouth* is a brilliant, virtuosic novel about a young woman's search for identity and the true meaning of family from the author of *The Sweetest Fruits*. "What I know about you, little girl, would break you in two" are the prophetic last words that Linda Hammerick's grandmother says to her. Growing up in small-town North Carolina in the 1970s and '80s, Linda already knows that she is profoundly different from everyone else, including the members of her own family. She can "taste" words. In this and in other ways, her body is a mystery to her. Linda's awkward girlhood is nonetheless enlivened and emboldened by her dancing great-uncle Harper, and Kelly, her letter-writing best friend. Linda makes her way north to college and then to New York City, trying her best to leave her past behind her like "a pair of shoes that no

longer fit.” But when a family tragedy compels her to return home, Linda uncovers the startling secrets of her past. Monique Truong’s acclaimed novel questions our assumptions about what it means to be a family and to be a friend, to be foreign and to be familiar, to be connected to and disconnected from our bodies, our histories, ourselves.

Surgery and diseases of the mouth and jaws Mar 17 2022

Straight from the Horse's Mouth Jul 29 2020 This hilarious, colorful portrait of a sex worker navigating life in modern Morocco introduces a promising new literary voice. Thirty-four-year-old prostitute Jmiaa reflects on the bustling world around her with a brutal honesty, but also a quick wit that cuts through the drudgery. Like many of the women in her working-class Casablanca neighborhood, Jmiaa struggles to earn enough money to support herself and her family—often including the deadbeat husband who walked out on her and their young daughter. While she doesn’t despair about her profession like her roommate, Halima, who reads the Quran between clients, she still has to maintain a delicate balance between her reality and the “respectable” one she paints for her own more conservative mother. This daily grind is interrupted by the arrival of an aspiring young director, Chadlia, whom Jmiaa takes to calling “Horse Mouth.” Chadlia enlists Jmiaa’s help on a film project, initially just to make sure the plot and dialogue are authentic. But when she’s unable to find an actress who’s right for the starring role, she turns again to Jmiaa, giving the latter an incredible opportunity for a better life. In her breakout debut novel, Meryem Alaoui creates a vibrant picture of the day-to-day challenges faced by working people in Casablanca, which they meet head-on with resourcefulness and resilience.

The Mycology of the Mouth Feb 16 2022

Wound from the Mouth of a Wound Jul 09 2021 A versatile missive written from the intersections

of gender, disability, trauma, and survival. "Some girls are not made," torrin a. greathouse writes, "but spring from the dirt." Guided by a devastatingly precise hand, *Wound from the Mouth of a Wound*—selected by Aimee Nezhukumatathil as the winner of the 2020 Ballard Spahr Prize for Poetry—challenges a canon that decides what shades of beauty deserve to live in a poem. greathouse celebrates "buckteeth & ulcer." She odes the pulp of a bedsore. She argues that the vestigial is not devoid of meaning, and in kinetic and vigorous language, she honors bodies the world too often wants dead. These poems ache, but they do not surrender. They bleed, but they spit the blood in our eyes. Their imagery pulses on the page, fractal and fluid, blooming in a medley of forms: broken essays, haibun born of erasure, a sonnet meant to be read in the mirror. greathouse's poetry demands more of language and those who wield it. "I'm still learning not to let a stranger speak / me into a funeral." Concrete and evocative, *Wound from the Mouth of a Wound* is a testament to persistence, even when the body is not allowed to thrive. greathouse—elegant, vicious, "a one-girl armageddon" draped in crushed velvet—teaches us that fragility is not synonymous with flaw.

Teeth, Their Natural History Apr 25 2020

[Making the American Mouth](#) Nov 20 2019 Why are Americans so uniquely obsessed with teeth? Brilliantly white, straight teeth? *Making the American Mouth* is at once a history of United States dentistry and a study of a billion-dollar industry. Alyssa Picard chronicles the forces that limited Americans' access to dental care in the early twentieth century and the ways dentists worked to expand that access—and improve the public image of their profession. Comprehensive in scope, this work describes how dentists' early public health commitments withered under the strain of fights over fluoride, mid-century social movements for racial and gender equity, and pressure to insure dental costs. It explains how dentists came to promote cosmetic services, and why Americans were

so eager to purchase them. As we move into the twentyfirst century, dentists' success in shaping their industry means that for many, the perfect American smile will remain a distant--though tantalizing--dream.

Atlas and Text-book of Dentistry, Including Diseases of the Mouth Oct 20 2019 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. Into the Mouth of the Lion Aug 22 2022 Angola, 2002. In the last days of a vicious civil war, it is a dangerous landscape rife with rebel soldiers, land mines, corruption and deception. A suspicious explosion kills a beloved nurse, while another humanitarian worker goes missing. Lena Rodrigues, a young photographer, flies out to Angola's highlands to piece together the reasons behind her sister's disappearance. But will she have the strength to bear witness to the truth, before she gets entangled in the country's conflict for minerals and power?

In the Mouth of the Wolf Jan 03 2021 A true story of two brothers and the war that changed everything. Michael Morpurgo's wonderful storytelling and Barroux's stunning artwork combine to tell the true story of Michael's uncles against the epic backdrop of World War Two.

A Foot in the Mouth Sep 11 2021 Presents a selection of children's poetry specifically meant to be read aloud.

It's All in Your Mouth Sep 30 2020 "Our mouths are not just for smiling, our teeth are involved in more than merely chewing, and our tongues do far more than taste and swallow. In fact, the mouth cavity is a critical ecosystem and central to the health of the entire body. This view of dentistry is central to European biological medicine but is considered radical in the United States where conventional dental practices view the mouth as an isolated entity. In *It's All in Your Mouth*, Dr. Dominik Nischwitz brings this sensible and crucial view of oral health to an American audience. A diseased mouth will lead to a diseased body. In fact, inflammation, chronic fatigue, obesity, heart disease, stroke, Alzheimer's disease, and cancer all have roots in the mouth. Using the latest scientific research, Dr. Dominik Nischwitz tells us everything we never knew about our teeth and how we can care for them in a way that nurtures and supports whole body wellness"--

A Tooth from the Tiger's Mouth Nov 01 2020 A renowned expert in Chinese sports medicine and martial arts reveals ancient Eastern secrets for healing common injuries, including sprains, bruises, deep cuts, and much more. For centuries, Chinese martial arts masters have kept their highly prized remedies as carefully guarded secrets, calling such precious and powerful knowledge "a tooth from the tiger's mouth." Now, for the first time, these deeply effective methods are revealed to Westerners who want alternative ways to treat the acute and chronic injuries experienced by any active person. While many books outline the popular teachings of traditional Chinese medicine, only this one offers step-by-step instructions for treating injuries. Expert practitioner and martial artist Tom Bisio explains the complete range of healing strategies and provides a Chinese first-aid kit to help the reader fully recover from every mishap: cuts, sprains, breaks, dislocations, bruises, muscle tears, tendonitis, and much more. He teaches readers how to: Examine and diagnose injuries Prepare and apply herbal formulas Assemble a portable kit for emergencies Fully recuperate with

strengthening exercises and healing dietary advice Comprehensive and easy to follow, with drawings to illustrate both the treatment strategies and the strengthening exercises, this unique guidebook will give readers complete access to the powerful healing secrets of the great Chinese warriors.

A Tongue in the Mouth of the Dying Aug 10 2021 Filled with the nuanced beauty and complexity of the everyday—a pot of beans, a goat carcass, embroidered linens, a grandfather's cancer—A Tongue in the Mouth of the Dying journeys through the inherited fear of creation and destruction. The histories of South Texas and its people unfold in Laurie Ann Guerrero's stirring language, including the dehumanization of men and its consequences on women and children. Guerrero's tongue becomes a palpable border, occupying those liminal spaces that both unite and divide, inviting readers to consider that which is known and unknown: the body. Guerrero explores not just the right, but the ability to speak and fight for oneself, one's children, one's community—in poems that testify how, too often, we fail to see the power reflected in the mirror.

Out of the Mouth of the Dragon Mar 25 2020

Eat the Mouth That Feeds You May 07 2021 One of the year's most anticipated books by The Millions, Colorlines and Remezcla! Carribean Fragoza's debut collection of stories reside in the domestic surreal, featuring an unusual gathering of Latinx and Chicax voices from both sides of the U.S./Mexico border, and universes beyond. "Eat the Mouth that Feeds You renders the feminine grotesque at its finest."—Myriam Gurba, author of Mean "Eat the Mouth that Feeds You will establish Fragoza as an essential and important new voice in American fiction."—Héctor Tobar, author of The Barbarian Nurseries "The writing is sharp and unexpected, and full of vivid turns."—David Ulin, Books editor, Alta Magazine In visceral, embodied prose, Fragoza's imperfect characters are drawn with a sympathetic tenderness as they struggle against circumstances and

conditions designed to defeat them. A young woman returns home from college, only to pick up exactly where she left off: a smart girl in a rundown town with no future. A mother reflects on the pain and pleasures of being inexorably consumed by her small daughter, whose penchant for ingesting grandma's letters has extended to taking bites of her actual flesh. A brother and sister watch anxiously as their distraught mother takes an ax to their old furniture, and then to the backyard fence, until finally she attacks the family's beloved lime tree. Victories are excavated from the rubble of personal hardship, and women's wisdom is brutally forged from the violence of history that continues to unfold on both sides of the US-Mexico border. "Fragoza's surreal and gothic stories, focused on Latinx, Chicana, and immigrant women's voices, are sure to surprise and move readers."—Zoe Ruiz, *The Millions* "Fragoza's debut collection delivers expertly crafted tales of Latinx people trying to make sense of violent, dark realities. Magical realism and gothic horror make for effective stylistic entryways, as Fragoza seamlessly blurs the lines between the corporeal and the abstract."—Publishers Weekly "Fierce and feminist, *Eat the Mouth That Feeds You* is a soul-quaking literary force."—Dontaná McPherson-Joseph, *The Foreword* "The magic realism of *Eat the Mouth that Feeds You* is thoroughly worked into the fabric of the stories themselves . . . a wonderful debut."—Brian Evenson, author of *Song for the Unraveling of the World* "Fragoza's prose, a switchblade of a magical glow, cauterizes as it cuts. In a setting of barren citrus trees, poison-filled balloons, and stuccos haunted by the menace of the past, *Eat the Mouth That Feeds You* reinvents the sunny noir."—Salvador Plascencia, author of *The People of Paper* "Caribbean Fragoza goes deep. This book makes central the lives of women, whether sourced locally or rooted in Mexico, whether alive or dead to the world, surrealistic or hyper realistic, in the flesh or as spirits centuries old. This is storytelling that astonishes . . ."—Sesshu Foster, author of *Atomik Aztex* "I felt this collection

deep in my bones. Like the Chicax women whose voices she centers, Carribean Fragoza's writing doesn't flinch. It is sharp and dream-like, tender-hearted and brutal, carved from the violence and resilience of generations past and present."—Natalia Sylvester, author of *Everyone Knows You Go Home*

The Normal and Pathological Histology of the Mouth Apr 18 2022

The Book of Opening the Mouth: Vol. I (Routledge Revivals) Dec 26 2022 The recital of *The Book of Opening the Mouth* and the *Liturgy of Funerary Offerings* were in use among the Predynastic Egyptians of the later part of the Neolithic Period, before the art of writing had evolved, and continued to exercise a considerable influence on Egyptian religious literature until the time of Roman Empire. The ceremonies were believed to enable the spiritual elements of the deceased to continue their existence. The object of the formulae was the reconstitution of the body and the restoration to it of the heart-soul ('Ba'). This is the first volume of *The Book of Opening the Mouth*, first published in 1909, which is edited from three copies written in the nineteenth, twentieth and twenty-sixth Dynasties respectively. It is believed they describe faithfully the forms of the rites which originated among the indigenous inhabitants of the Nile Valley.

At the Mouth of the River of Bees Feb 22 2020 A sparkling debut collection from one of the hottest writers in science fiction: her stories have received the Nebula Award the last two years running. These stories feature cats, bees, wolves, dogs, and even that most capricious of animals, humans, and have been reprinted in *The Year's Best Fantasy & Horror*, *Best Science Fiction and Fantasy of the Year*, and *The Secret History of Fantasy*. *At the Mouth of the River of Bees* 26 *Monkeys*, Also the *Abyss* *The Horse Raiders Spar Fox Magic Names for Water Schrodinger's Cathouse My Wife Reincarnated as a Solitaire Chenting, in the Land of the Dead The Bitey Cat The Empress Jingu*

Fishes Wolf Trapping The Man Who Bridged the Mist Ponies The Cat Who Walked a Thousand Miles The Evolution of Trickster Stories Among the Dogs of North Park After the Change Kij Johnson's stories have won the Sturgeon and World Fantasy awards. She has taught writing; worked at Tor, Dark Horse, and Microsoft; worked as a radio announcer; run bookstores; and waitressed in a strip bar.

The Mouth-Body Connection Dec 14 2021 Acclaimed oral health expert and wellness pioneer, Dr.

Gerry Curatola, explores the bi-directional relationship between the health of your mouth and your body, and provides a groundbreaking program for creating a healthy mouth that will help maintain a healthy body. The mouth acts as mirror and a gateway and reflects what is happening in the rest of your body and the health of your mouth appears to have a profound impact on the rest of your body. Chronic, low-grade oral disease is a major source of inflammation throughout your body, which can sometimes result in serious systemic problems, including cardiovascular disease, type 2 diabetes, obesity, and premature birth. The Mouth-Body Connection educates the reader on the natural ecology of the mouth. The oral microbiome consists of communities of 20 billion microorganisms of more than six hundred types-keeping these communities balanced is the key to well-being. Dr. Curatola's program, thirty years in the making, helps to restore microbiome balance and reduce health-destroying inflammation. The Curatola Care Program fosters a healthy oral microbiome by means of diet, supplements, exercise, and stress reduction. Four weeks of meal plans and fifty delicious recipes will convince you that eating for balance can be a treat. There are supplement schedules for each stage, two high-intensity band workouts that take only 15 minutes twice a week, relaxation techniques, and yoga postures to fight inflammation. In just four weeks, you will reboot your body and begin to take control of your health. Best of all, your brilliant smile will prove that you have never felt better.

Conquering the Mouth of the Dragon Jun 27 2020 We all know individuals who, though seemingly nave about the shrewd ways of the world, ascend to the top of their professions and find peace and satisfaction in their personal lives. Admiring even envying such people, we wonder what makes their lives work. Can it be that they are tapped into an unseen power that guides them from within? Conquering the Mouth of the Dragon is an adventurous novel, teeming with suspense,

mystery, and intrigue. Based on actual events, the characters are drawn from real people who lived through situations much like those described in the book. Constance McKenna, a feng shui designer for a major corporation in San Francisco, travels to China to attend a seminar. Her odyssey begins the moment she leaves her house on her way to the airport; mysterious and frightening events follow at a rapid pace. Her faith in herself and her belief in the powers that guide her life are tested again and again as she travels through unfamiliar places. The cast of characters in *Conquering the Mouth of the Dragon* is as cryptic as the circumstances surrounding Constance's journey. None is more baffling than Lang DeBjon, for whom Constance alternately feels suspicion and attraction. Readerseven those unfamiliar with metaphysicswill easily identify with the feelings of fear and determination interspersed with hopelessness. It is a story of triumph over adversity, a story of success.

Mouth Aug 30 2020 The mouth is one of the best human habitats on the body! In other words, your teeth aren't the only inhabitants of your mouth. In this book, readers learn more about the microscopic organisms that make their home in the mouth—both welcome and unwelcome. Full of simple diagrams and interesting information about this part of the human body, this volume engages readers looking to supplement their science classes with a colorful layout and friendly guides through this often-used part of the human body.

Mouth to Mouth Jun 20 2022 ONE OF BARACK OBAMA'S FAVORITE BOOKS OF 2022 * An NPR and Time Best Book of the Year * Longlisted for the 2022 Scotiabank Giller Prize (Canada) * Finalist for CALIBA's 2022 Golden Poppy Awards A successful art dealer confesses the story of his meteoric rise in this "powerful, intoxicating, and shocking" (The New York Times) novel that's a "slow burn à la Patricia Highsmith" (Oprah Daily). "You'll struggle not to rip through in one sitting" (Vogue). In a

first-class lounge at JFK airport, our narrator listens as Jeff Cook, a former classmate he only vaguely remembers, shares the uncanny story of his adult life—a life that changed course years before, the moment he resuscitated a drowning man. Jeff reveals that after that traumatic, galvanizing morning on the beach, he was compelled to learn more about the man whose life he had saved, convinced that their fates were now entwined. But are we agents of our fate—or are we its pawns? Upon discovering that the man is renowned art dealer Francis Arsenault, Jeff begins to surreptitiously visit his Beverly Hills gallery. Although Francis does not seem to recognize him as the man who saved his life, he nevertheless casts his legendary eye on Jeff and sees something worthy. He takes the younger man under his wing, initiating him into his world, where knowledge, taste, and access are currency; a world where value is constantly shifting and calling into question what is real, and what matters. The paths of the two men come together and diverge in dizzying ways until the novel's staggering ending. Sly, suspenseful, and “gloriously addicting” (BuzzFeed), *Mouth to Mouth* masterfully blurs the line between opportunity and exploitation, self-respect and self-delusion, fact and fiction—exposing the myriad ways we deceive each other, and ourselves.

Sins of the Mouth Dec 02 2020 *Sins of the Mouth* is a book that unveils behaviour common among all of us. If you have: -Ever revealed a secret that ruined a relationship. -Known an excessive talker. - Fallen into the snare of Gossip. -Spoken toxic words, that have wounded and scarred another or perhaps you have been the victim of harsh insensitive words. This book is for you! Most of us have been subjected to yet unaware of the effects of inappropriate words in Church settings, our marriages, professional and personal relationships. Words are powerful, they can heal, betray or destroy! *Sins of the Mouth* uncovers verbal conduct, such as Anger, provocation, lying, pride and much more.....

The Hygiene of the Mouth Nov 13 2021

Melvin the Mouth Jun 08 2021 Meet young Melvin—the future Mel Blanc of Looney Tunes fame—as he drives everyone a little nuts with the noisy soundtrack to his day-to-day life Melvin is an imaginative and noisy little boy who grows up to be Mel Blanc, Looney Tunes cartoon character pioneer and the voice behind Bugs Bunny, Daffy Duck, Woody Woodpecker, the Tasmanian Devil, and so many more familiar personalities. Readers are treated to a typical day for young Melvin, when ordinary tasks like getting ready for school, riding the bus, and completing his chores are charged with sound effects and accompanied by his own personal soundtrack. His knack for making funny noises and using the versatility of his voice was like no other—much to the relief of his teachers. Penned by Blanc's daughter-in-law, this first-person fiction-based-in-reality story is a fun romp and is sure to inspire young readers to turn trouble into triumph! “Reading this book aloud will guarantee a boisterous romp of a story time in a library or classroom setting.” —School Library Journal

A History of the Jetties at the Mouth of the Mississippi River Feb 04 2021

Animal dentistry and diseases of the mouth Jan 15 2022

YOUR MOUTH - YOUR LIFE Dec 22 2019 Oral health is a holistic health priority. YOUR MOUTH-YOUR LIFE is an easily understandable guide to the relationship between oral health and systemic health. This book will help you realize just how critical it is to maintain good oral health and treat gum inflammation of any degree. you owe it to yourself to read this short book.

The Mouth Nov 25 2022 THE MOUTH is a comprehensive reference with a team approach to diagnosis and treatment of diseases that appear in the oral region. Written from the perspective of a physician and a dentist, it emphasizes collaborative and concurrent care of patients. This book is a

practical atlas guide that focuses on common oral diseases, providing histopathology, where appropriate, and treatment options. The first two chapters deal with normal oral anatomy and diagnosis of oral diseases. The bulk of the book emphasizes clinical recognition, both through the text and color illustrations. Finally, there is a separate chapter on Therapy of Oral Diseases. * Offers practical information on dermatologic and systemic diseases that manifest themselves in the mouth. * Provides both diagnosis and treatment of oral diseases. * Presented in an atlas-style format with supporting text and more than 300 four-color illustrations! * Takes a practical approach, focusing only on the most common diseases. * Written by experienced authors, trained in dermatology, oral pathology, and dentistry.
