This version of the Student's Book does not provide access to the video, assessment package and online workbook. A version with full access is available separately. Excerpt from *The Elementary Course in English: A Syllabus With Graded Lists and References*

This syllabus grew out of the needs of a particular group of schools. It was found that in order to co-operate intelligently, a body of teachers requires something more explicit and, at the same time, more general than the brief outline courses of study which boards of education usually provide. Hence the working principles which had proved most important in actual practice were compiled, and to these were added suggestions for the various grades, brief bibliographies, and a series of graded and annotated lists of poems, stories, and other material. The work represents, therefore, experience of a comprehensive and varied character, and is offered with some confidence as a working guide for teachers of elementary English. The book is intended primarily as a manual for the teacher's desk. An effort has been made to indicate

definitely the character of the activities to be carried on in the several grades, and to arrange a collection of material sufficiently varied to meet changing conditions and so selected and listed as to be readily accessible. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. who want to make effective progress in a short time, this course concentrates on developing fluency, refreshing key grammar areas, and extending vocabulary. 40-60 hours per level. This is an extensive beginning level Japanese textbook and Japanese language learning package.

Elementary Japanese is designed for students who are just beginning their study of Japanese at the first-year college level or on their own. The author and contributors have created a highly structured approach to learning Japanese that is based on learning the fundamental patterns and constructions of the language as well as the writing system including basic kanji. Systematic grammatical explanations are provided in enough detail for this book to be used as a reference work as well as an introductory textbook. The accompanying MP3 audio CD is a great way to learn Japanese and ensures correct pronunciation and helps to build listening comprehension. After completing this course, you will be able to: Describe yourself, your family and your friends. Talk about daily events using basic vocabulary and grammatical constructions. Understand conversations on these topics as well as classroom activities. Read Japanese articles and write short and simple compositions and letters. Learn basic grammar while studying God's Word! A focus on more than 200 Biblical accounts, psalms, proverbs, prophecies, laws, and letters. Insights into the daily life of people living in Biblical times, as well as plants, animals, and Bible landscapes. Basic English grammar, words to

know, concepts, and more! Help Bible history come alive for children so they know these true events that changed the world forever, at the same time they are developing their reading skills. We live in a visually oriented society where people learn from a blend of both text and images. This collection of events and teachings from Scripture explores selected chapters and verses. With the help of maps, photographs, and diagrams, the ancient cultures of the Bible are set in a context that can be readily understood. In addition, specially written teaching helps to educate today's young reader in understanding the Bible's meaning and its relevance for everyday life. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important

enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. From the introduction: This book is a companion volume to Book 1 and features ten exciting new lesson topics: Crime, Sport, Music, Weather, Animals, Cars, The Human Body, Colours and Numbers, Life Events, and Nature. The lesson topics in this book can be used alongside those in Book 1, according to your needs. For example, it is now possible for you to plan a longer Talk a Lot course, using lesson material from both books! A great new feature in Book 2 is the inclusion of information exchange activities. For more details see page 14. Once again, the aim of this book is to teach students to think in English and Talk a Lot!
